Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

The Applicant inquired about three documents which were not considered in the IDS filed 10/30/07: (1) 2000-155845; (2) "OpenGL and 3D"; and (3) "3D Algorithm." The Applicant was informed that (1) and (2) have since been considered. However, (3) which has not been translated into English has still not been considered because it does not match any of the documents referenced by (1) which has been translated into English. Applicant inquired if the title of (3) could be changed to match the title disclosed in (1) but the Examiner indicated that prosecution on the instant application has been closed and would need to be reopened for any changes (e.g., submission of a new IDS or a declaration/affidavit) to be made.
